

ADDENDUM NO. 1

VILLAGE OF ARCANUM Mechanical Wastewater Treatment Facility – Re-Bid March 10, 2017

To: Planholders

From: Mote & Associates, Inc.
214 West Fourth Street
Greenville, Ohio 45331

Phone: (937) 548-7511
Fax: (937) 548-7484
E-mail: info@moteassociates.com

Re: Village of Arcanum
Mechanical Wastewater Treatment Facility – Re-Bid

This Addendum forms a part of the Contract Documents and modifies the original Contract Documents dated February 2017. Acknowledge receipt of this Addendum in the space provided on the Bid Proposal form. Failure to do so may subject the Bidder to disqualification.

CHANGES/CLARIFICATIONS TO THE BIDDING REQUIREMENTS:

1. Section 00 41 43.10 through Section 00 41 45.10, BID ATTACHMENT

Attached to this Addendum are documents to be included with the Bid Packets in order to submit a responsive Bid. The “Bid Attachment – Equipment Manufacturer Declaration” has been incorporated into the bid documents for Contracts A, B, and C. This Form must be completed and submitted as part of the proposal documents for the associated Bid Form(s) (Section 00 41 43, 00 41 44, and 00 41 45). The Bidder MUST declare the manufacturer as well as the value of all equipment items as indicated. These values shall be part of the lump sum bid provided in the Base Bid Form. The purpose of this form is to provide free and open competition to all manufacturers.

2. Section 00 73 52, DAVIS BACON WAGE DECISION SCHEDULES

The “Heavy/Highway” General Wage Decision has been modified. The revised Heavy & Highway Wage Decision dated 03/10/17 with 4 modifications has been revised in Section 00 73 52, Davis Bacon Wage Decision Schedules and is attached hereto. The “Building” General Wage Decision has not been modified and remains the same dated 02/03/17.

GENERAL CLARIFICATIONS:

3. Pertaining to “Contract C – Modifications to Existing Wastewater Lagoon for Equalization” any damage to the existing clay liner that occurs during the sludge removal or any other work related to this Contract, must be repaired to a condition equal to or better than prior to disturbance. This repair shall ensure that the pond will function in its original capacity and the clay liner will continue to maintain the barrier to under laying soils.
4. The Sign-in sheet and notes from the Pre-Bid Meeting held on Wednesday, March 8, 2017 are attached hereto.

End of Addendum

Attachments: Section 00 41 43.10, Contract A Bid Attachment – Equipment Manufacturer Declaration
Section 00 41 44.10, Contract B Bid Attachment – Equipment Manufacturer Declaration
Section 00 41 45.10, Contract C Bid Attachment – Equipment Manufacturer Declaration
Section 00 73 52, Davis Bacon Wage Decision Schedules
Pre-Bid Meeting Sign-in Sheet and Notes

CONTRACT A - BID ATTACHMENT
EQUIPMENT MANUFACTURER DECLARATION
00 41 43.10

As an Attachment to the Contract A - Base Bid Form (Section 00 41 43), the Bidder MUST insert the equipment brand name in the spaces below from one of the manufacturers listed within the technical specifications/construction plans or subsequently named as an "or equal" in an issued Addendum. The Bidder MUST declare the manufacturer as well as the value of all equipment items indicated herein. These values shall be part of the lump sum bid provided in the Base Bid Form. The purpose of this form is to provide free and open competition to all manufacturers.

The BIDDER MUST provide the Declared Manufacturer and Value of each piece of equipment in order for their bid to be considered responsive. **This Form MUST be submitted as a part of the Bid package for Contract A. Failure to submit this form will disqualify the Bidder.**

Equipment Item / Specification Section #	Base Bid Declared Manufacturer	Declared Value
FRP Stamford Density Current Baffle 2.0 / Spec # 06 82 60		\$
Laboratory Fume Hood / Spec # 11 53 13		\$
Steel Laboratory Casework / Spec # 12 35 53.13		\$
Submersible Pumps Digester / Spec # 22 13 29.10		\$

Sludge Dewatering Equipment / Spec # 46 76 27		\$

CONTRACT B - BID ATTACHMENT
EQUIPMENT MANUFACTURER DECLARATION
00 41 44.10

As an Attachment to the Contract B - Base Bid Form (Section 00 41 44), the Bidder MUST insert the equipment brand name in the spaces below from one of the manufacturers listed within the technical specifications/construction plans or subsequently named as an "or equal" in an issued Addendum. The Bidder MUST declare the manufacturer as well as the value of all equipment items indicated herein. These values shall be part of the lump sum bid provided in the Base Bid Form. The purpose of this form is to provide free and open competition to all manufacturers.

The BIDDER MUST provide the Declared Manufacturer and Value of each piece of equipment in order for their bid to be considered responsive. **This Form MUST be submitted as a part of the Bid package for Contract B. Failure to submit this form will disqualify the Bidder.**

Equipment Item / Specification Section #	Base Bid Declared Manufacturer	Declared Value
Floating Mechanical Aerators – Contract B / Spec # 46 51 13		\$

CONTRACT C - BID ATTACHMENT
EQUIPMENT MANUFACTURER DECLARATION
00 41 45.10

As an Attachment to the Contract C - Base Bid Form (Section 00 41 45), the Bidder MUST insert the equipment brand name in the spaces below from one of the manufacturers listed within the technical specifications/construction plans or subsequently named as an "or equal" in an issued Addendum. The Bidder MUST declare the manufacturer as well as the value of all equipment items indicated herein. These values shall be part of the lump sum bid provided in the Base Bid Form. The purpose of this form is to provide free and open competition to all manufacturers.

The BIDDER MUST provide the Declared Manufacturer and Value of each piece of equipment in order for their bid to be considered responsive. **This Form MUST be submitted as a part of the Bid package for Contract C. Failure to submit this form will disqualify the Bidder.**

DAVIS BACON WAGE DECISION SCHEDULES

00 75 52

General Decision Number: OH170059 02/03/2017 OH59

Superseded General Decision Number: OH20160059

State: Ohio

Construction Type: Building

County: Darke County in Ohio.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.20 for calendar year 2017 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.20 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2017. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported

in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

OPERATING ENGINEER CLASSIFICATIONS

GROUP 1 - Air Compressor on Steel Erection; Barrier Moving Machine; Boiler Operator on Compressor or Generator when mounted on a Rig; Cableway; Combination Concrete Mixer & Tower; Concrete Plant (over 4 yd. Capacity); Concrete Pump; Crane (All Types, Including Boom Truck, Cherry Picker); Crane-Compact, Track or Rubber over 4,000 lbs. capacity; Cranes-Self Erecting, Stationary, Track or Truck (All Configurations); Derrick; Dragline; Dredge (Dipper, Clam or Suction); Elevating Grader or Euclid Loader; Floating

Equipment (All Types); Gradall; Helicopter Crew (Operator-Hoist or Winch); Hoe (all types); Hoisting Engine on Shaft or Tunnel Work; Hydraulic Gantry (Lifting System); Industrial-Type Tractor; Jet Engine Dryer (D8 or D9) Diesel Tractor; Locomotive (Standard Gauge); Maintenance Operator Class A; Mixer, Paving (Single or Double Drum); Mucking Machine; Multiple Scraper; Piledriving Machine (All Types); Power Shovel; Prentice Loader; Quad 9 (Double Pusher); Rail Tamper (with auto lifting & aligning device); Refrigerating Machine (Freezer Operation); Rotary Drill, on Caisson work; Rough Terrain Fork Lift with Winch/Hoist; Side-Boom; Slip-Form Paver; Tower Derrick; Tree Shredder; Trench Machine (Over 24" wide); Truck Mounted Concrete Pump; Tug Boat; Tunnel Machine and/or Mining Machine; and Wheel Excavator.

GROUP 2 - Asphalt Paver; Automatic Subgrader Machine, Self-Propelled (CMI Type); Bobcat Type and/or Skid Steer Loader with Hoe Attachment Greater than 7,000 lbs.; Boring Machine More than 48"; Bulldozer; Endloader; Hydro Milling Machine; Horizontal Directional Drill (over 50,000 ft. lbs. thrust); Kolman-type Loader (production type-Dirt); Lead Greaseman; Lighting & Traffic Signal Installation Equipment (includes all groups or classifications); Material Transfer Equipment (Shuttle Buggy) Asphalt; Pettibone-Rail Equipment; Power Grader; Power Scraper; Push Cat; Rotomill (all), Grinders & Planers of All types; Trench Machine (24" wide & under); and Vermeer type Concrete Saw.

GROUP 3 - A-Frame; Air Compressor on Tunnel Work (low pressure); Asphalt Plant Engineer; Bobcat-type and/or Skid Steer Loader with or without Attachments; Highway Drills (all types); Locomotive (narrow gauge); Material Hoist/Elevator; Mixer, Concrete (more than one bag capacity); Mixer, one bag capacity (Side Loader); Power Boiler (Over 15 lbs. Pressure) Pump Operator installing & operating Well Points; Pump (4" & over discharge); Railroad Tie Insertor/Remover; Roller, Asphalt; Rotovator (lime soil stabilizer); Switch & Tie Tampers (without lifting & aligning device); Utility Operator (Small equipment); and Welding Machines; Articulating/straight bed end dumps if assigned (minus \$4.00 per hour).

GROUP 4 - Backfiller; Ballast Re-locator; Bars, Joint & Mesh Installing Machine; Batch Plant; Boring Machine Operator (48" or less); Bull Floats; Burlap & Curing Machine; Concrete Plant (capacity 4 yd. & under); Concrete Saw (Multiple); Conveyor (Highway); Crusher; Deckhand; Farm-type Tractor with attachments (highway); Finishing Machine; Fireperson, Floating Equipment (all types); Fork Lift; Form Trencher; Hydro Hammer except masonry; Hydro Seeder; Pavement Breaker; Plant Mixer; Post Driver; Post Hole Digger (Power Auger); Power Brush Burner; Power Form Handling Equipment; Road Widening Trencher; Roller (Brick, Grade & Macadam); Self-Propelled Power Spreader; Self-Propelled Power Subgrader; Steam Fireperson; Tractor (Pulling Sheepfoot, Roller or Grader); and Vibratory

Compactor with Integral Power.

GROUP 5 - Compressor (Portable, Sewer, Heavy & Highway); Drum Fireperson (Asphalt Plant); Generator; Masonary Forklift; Inboard-Outboard Motor Boat Launch; Oil Heater (asphalt plant); Oiler/Helper; Power Driven Heater; Power Sweeper & Scrubber; Pump (under 4" discharge); Signalperson; Tire Repairperson; VAC/ALLS; Cranes - Compact, track or rubber under 4,000 pound capacity; fueling and greasing; and Chainmen.

GROUP 6 - Master Mechanic & Boom from 150 to 180.

GROUP 7 - Boom from 180 and over.

=====

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on

- a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Village of Arcanum
Mechanical Wastewater Treatment Plant – Re-Bid
Pre-Bid Meeting Notes – March 8, 2017

I. Introductions of Village Staff and Mote & Associates, Inc. (engineer) Personnel

II. Project Overview

1. Dave Mathews, Mote & Associates, Inc. reviewed the changes made to the project for re-bidding. Roofing and architectural components were changed or removed from Contract A. The previous alternates were removed or incorporated into the base bid for the project. One alternate is included that provides for an alternative way for sludge management by using a press. Contract B consists of reconstructing the north lagoon into a partial use equalization basin. Contract C is now an option to utilize the existing north lagoon as-is for an equalization basin with removal of the sludge. Only Contract A and either Contract B or C will be awarded.
2. Review of activities in Contracts A, B, and C were given by Susan Laux.
3. Susan Laux explained a Manufacturer Equipment Declaration form will be sent out with Addendum #1 as a Bid Form Attachment. This form will require the Contractor to declare a brand name and price for equipment within the Base Bid. The Bid will still be a lump sum amount. Rural Development requires free and open competition and this form helps fulfill that requirement.
4. Susan Laux reviewed the Allowance for the Evoqua equipment. This design process was approved by the EPA in order to receive the PTI. The equipment is open to the “or equal” submittal process. So far, Evoqua is the only submitted proposal. Laux noted that any overhead, labor or above and beyond costs associated with the Evoqua system will need to be included in the lump sum bid.
5. Dave Mathews reviewed Alternate #1 (Sludge Management with Press) for Contract A. Mathews commented BDP has been called out as the press manufacturer and explained the floor of the building will need to be substantial enough to accommodate heavy equipment. Mote & Associates, Inc. will obtain the building permit for this structure.

III. Addendums/Comments

1. Susan commented that Addendum No. 1 will be distributed on Friday, March 10th and would include, at minimum, the following items:
 - a. Pre-Bid Meeting Sign-in Sheet and Notes
 - b. Davis-Bacon Wages, if modified
 - c. Equipment Manufacturer Declaration bid attachment
2. All technical questions shall be asked/submitted by 1:00 P.M. on Wednesday, March 15, 2017, so any final addendum can be issued on Friday, March 17th, 2017. No questions other than those pertaining to the completion of the bid documents will be answered after Wednesday, March 15, 2017.

3. Susan reiterated that Rural Development requires a 100% Bid Bond for the project and that the forms provided in the Contract Documents Manual must be used. A cashier's check in place of a Bid Bond is only required to be in the amount of 10%.
4. Susan pointed out that changes and clarifications were made in the Instructions to Bidders section regarding the driveway, bridge, and construction testing. Bidders should be sure to review those modifications.

IV. Contractor Questions

1. *Were all addendums from the first bid put into the re-bid?* Yes, all items from the addendums in the first bid have been infused into the new contract documents and construction plans, unless they were removed from the project by the Owner.
2. *What are the Engineer's Estimates for the contracts?* Contract A is \$7,400,000, Contract B is \$700,000, and Contract C is \$300,000.
3. *Is the manhole with the pump near the equalization basin still applicable?* The underdrain lift station is a leak detection system for the HDPE liner in Contract B. The underdrain lift station is not applicable in contract C because the existing clay liner is to be reused. See drawings for Contract B & C for more details.
4. *Regarding the 12" pipe that runs from the plant to the EQ basin, does that go to the fence line?* Contract A is to run the 12" transfer pipe to 10 feet outside the fence. For electrical wiring, contract A is to stop at electrical vaults outside the fence (roughly 10' outside fence). Specification section 33 47 23.20 – Equalization Basin (page 6) has a small diagram about the breakdown between Contract A and B or C.
5. *Will the award process go quickly or less than 60 days?* The award will hopefully be given in less than 60 days as we are presently working with Rural Development to finalize additional funding for the project.

V. Site Visit at WWTP – A site visit followed the meeting.
